

## **DIVISION OF TRAFFIC OPERATIONS**

# Kris Balaji (916) 654-2352 Asif Haq (916) 654-6099

## Intelligent Transportation System Projects and Standards Jeff McRae

(916) 654-3781

- TMS/TMC support
- Communications systems
- · ITS standards
- · ITS projects
- \* TMS Standardization Plan
- \* TMS Inventory
- · Fiber Optics Specifications
- TMS Configuration Management
- NTCIP, national ITS standards
- \* Title 21 Support for ETC
- \* TOSNET Support
- "Loop Detector Fitness Program"
- Guidelines and standards for electrical and electronic systems
- Advanced operational hardware & software systems for integrated transportation management systems & information delivery systems
- ITS hardware, ITS Cabinet & Advanced Traffic Controller (2070)

# Traffic Safety Program

Janice Benton Acting (916) 654-5176

- \* Traffic Safety Investigations
- Highway Safety Improvement Program
- ❖ Traffic Safety Devices
- \* Traffic Safety Studies
- Truck and Motorcycle Safety
- . Bike and Pedestrian Safety

### Truck Services Hossein Rostam (916) 654-5548

- Transportation permits, policy monitoring and implementation
- Commercial vehicle sizes and weight regulations
- Commercial vehicle access to State highway
- Commercial vehicle oversize/ overweight permit program
- Weight Scale facility policy and capital investments
- Weight-in-motion data and bypass programs

# Signs, Marking and Permits

Gerry Meis (916) 654-4551

- Statewide sign and pavement marking policy
- · California Supplement updates
- New traffic control devices (CTCDC)
- · New traffic control device products
- · Encroachment Permits

## Program Management and Out Door Advertising Program

Melissa Thompson (Acting) (916) 654-5874

- Budget Development, Planning & Management
- Personnel Services, Title VI/VII & Awards Program Coordination
- · Business Services
- · Facilities Management
- · Division, Clerical Support Services
- Student Assistant & Volunteer Program Coordination
- . Labor Relations
- · Out-of-State Travel Coordination
- Division Training Coordination
- Procurement & Contract Administration
- Safety Coordination
- · Statewide Meeting Coordination
- · Outdoor Advertising Program

Highway Safety Engineer

Jesse Bhullar

(916) 654-5975

Development and implementation

of the State Strategic Highway

Safety Plan

OTS Grants Administration

# System Management Operations

Vacant Greg Larson Acting (916) 654-6912

- Transportation Management System (TMS)
- Transportation Management Center (TMC)
- Incident Management (Traffic Management Teams - TMT)
- Traveler Information
- High Occupancy Vehicle (HOV) Lanes
- District Traffic Manager (DTM)
- Transportation Management Plans (TMP)
- ❖ Operational Research
- Management Sytems Operations

#### District Liaison

Jerry Champa (916) 654-4555 Alex Kennedy (916) 654-0096 Phil Jang (916) 654-7138 Wayne Henley (916) 654-6246

- Functional management liaison of traffic engineering and operational work progress in assigned Districts
- Application of uniform standards and practices

### System Management Planning John Wolf

John Wolf (916) 654-2627

- · Program evaluation
- Automated Traffic Accident Surveillance and Analysis System (TASAS)
- · GIS operations
- Traffic & Vehicle Data Systems (CENSUS)
- Mobility Program (SHOPP)
- Highway database update and monitoring
- System Management Planning
- · PeMS
- TMS Inventory
- · Photo Log Operations

#### Intelligent Transportation Systems

Tom West (916) 654-7143

- Functional management of ITS deployments including work progress statewide
- Assurance of uniform standards, policies and practices
- ATMS standardization

# Office of External Support

Wayne Henley (916) 654-6246

- Multidisciplinary Accident Investigation Teams
- ❖ Capital Project Skills Development
- Engineering support to Legal
- ❖ Traffic Liaison to Dist 8
- ❖ Local Development Review
- Engineering Policy Coordination
- \* CPRA Coordination

"Caltrans Improves Mobility Across California"
